reaches the stomach all the sour-
ness, acidity, heartburn, dyspepsia
and indigestion ends.
Upset stomachs feel fine.
Costs so little—Any drug store.

UPSET? Pape's Diapepsin WILL PUT YOU ON YOUR FEET

THE SOLDIER'S MAIL.

(Leslie's.)

Complaints are being shot at the War Department and to every member of Congress, and to almost every newspaper office regarding the seemingly inexcusable delay of the expeditionary mail. The fact of it is that the conditions of the difficulties of the case are so many and so novel that a statement of a few of these may be illuminating. Since the first of July the expeditionary mail has been in the charge of the Quarter-

master General of the Army. The Atlantic liners are so overcrowded with freight that it became impossible to send the mail by these. It now goes over in army transports. These transports are convoyed, and they take anywhere from ten days to three weeks to arrive at their port of destination. The mail then goes into the hands of the French Postoffice Department for military distribution to the front. It is a little known fact that for reasons of military necessity the French Government censors our mail either in whole or in part as it sees fit. Owing to our very large force that is distributed over a 300-mile front, the difficulties of getting the mail to the soldier now only begins. Companies and regiments are continually shifting. The soldier in one trench may be in another trench fifty miles away the next day. Casualties and moving of the wounded from hospital to hospital add another tremendous difficulty. So it becomes rather a feat of the finest efficiency to connect the soldier at the front with his home within a period of a month at the least. Gen. Pershing has put at the disposal of the expert mail clerks in France the best military aid he can possibly devise to solve the problem that everyone in the United States wishes to see solved.

A BEAUTIFUL WOMAN

Do you know that a beautiful woman always has a good digestion? If your digestion is faulty, eat light of meats, and take an occasional dose of Chamberlain's Tablets to strengthen your digestion. Price 25c.

D. A. R. Convention.

The annual convention of the Kentucky D. A. R., which is to be held in Ashland this year, will be a business convention, and the program will deal most entirely with war problems, which the D. A. R. will take up during 1918-19. Plans for the convention, which is to be the latter part of October, formed the principal business before the board meeting held at Louisville last week.

The young ladies who registered for special duty in the recent drive for nurses in the county, are asked to assemble at the Y. M. C. A. building at seven o'clock to-night. They will be addressed by Mrs. George Hunt, and Mrs. Kehrer, R. N., both of Lexington. The meeting will be held for the purpose of placing before the young women the matter of placing them in institutions for immediate training as nurses. It is earnestly urged that all the young women be present.

Arrangements are being made for the meeting in this city this week of the young ladies who have registered as volunteer nurses. The meeting will be addressed by an experienced registered nurse, and others will be present to give all the necessary information regarding the location of the training schools, length of time required for training, the cost, etc. Due notice of the time and place of the meeting will be given.

SATURDAY, OCT. 12, IS PROCLAIMED "LIBERTY DAY."

Saturday, October 12, is the four hundredth and twenty-sixth anniversary of the discovery of America. President Wilson has proclaimed it Liberty Day and requests the citizens of every community in the United States—city, town and countryside—to celebrate the day.

The President, in his proclamation says:

"Every day the great principles for which we are fighting take fresh hold upon our thought and purposes and make it clearer what the end must be and what we must do to achieve it."

"We now know more certainly than we ever knew before why free men brought the great Nation and Government we love into existence, because it grows clearer and clearer what supreme service it is to be America's privilege to render to the world."

STOMACH UPSET!

Pape's Diapepsin tablets are the surest, quickest stomach relievers in the world. They cost every little at drug stores. (adv.)

WAR BOARD RAPS STORES THAT WRAP TOO MUCH.

Local retail stores have been advised of an order of the War Industries Board which affects every retail store throughout the United States, directing that unnecessary wrapping of merchandise be discontinued and that the consumption of wrapping paper boxes and office stationery be reduced to a minimum.

Economy in the use of paper will release chemicals, fuels, cars and men, and will enable the government to secure its requirements of paper, which are increasing rapidly, the order states. The increasing production of ammunition factories uses much chemical pulp formerly used in making wrapping, tissue, book and other strong papers.

THE BEST PROOF GIVEN BY A PARIS CITIZEN.

Doan's Kidney Pills were used—they brought benefit.

The story was told to Paris residents. Time has strengthened the evidence.

Has proven the result lasting.

The testimony is home testimony.

The proof convincing.

It can be investigated by Paris residents.

Mrs. J. T. Martin, 1024 Main street, Paris, says: "Kidney trouble came on from a fall and the results were very severe, causing me more suffering than the fall itself. No one can ever know what I went through at the time for I suffered awfully. My back ached and pained until I thought it would break in two. Sharp twinges shot through my kidneys and if anyone had hit me in the back with a heavy axe it couldn't have hurt worse. In one week after using Doan's Kidney Pills, I felt like a different woman, for they fixed me up in fine shape. (Statement given February 17, 1908.)"

RESULTS THAT REMAIN
On November 9, 1916, Mrs. Martin said: "Doan's Kidney Pills have made a cure for me and it has been permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Martin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv.)

LET NOTHING BE LOST.

"Gather up the fragments that remain that nothing be lost," such was the admonition of the Master at the memorable feast of which the Bible tells, the feeding of the multitude with the barley loaves and fishes. Conservation in all things is the slogan of to-day. A cry comes to us to save all fruit pits and nut stones as they are invaluable in furnishing carbon for the respirator in the gas masks for our boys over there, in a little folder gotten out by the Gas Defense Division, there is an urgent request that we save these otherwise worthless articles, at least to us.

We are asked to save peach stones, apricot pits, prune pits, plum pits, olive pits, date seeds, cherry pits, butter-nut shells, Brazil nut shells, walnut shells, hickory nut shells, and surely with a little forethought every family in our midst could accumulate quite a collection. Have a bucket or some sort of receptacle placed in easy access, and after a thorough drying in the oven turn them over to your Red Cross Circle. Get the little folks of the family interested; they'll regard it almost as a kind of play, and at the same time they'll be learning patriotism.

CATARH CANNOT BE CURED

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

HEAR THIS CALL from OUR HOME TOWN BOYS OVER THERE

LETTERS from our boys in the trenches and from the women in canteen and other war work, all bring to us the same message—SEND US NEWS FROM HOME.

World news is all right, but OUR BOYS want NEWS OF THIS TOWN. They want the home newspaper. Publishers are prevented from sending their papers free to anyone, even boys in the service. Consequently a national movement has been started by Col. William Boyce Thompson of New York, who is acting as President of the Home Paper Service of America to give the boys what they are calling for. Every community is joining the movement. Let us see that our boys are not forgotten.

Send to the publisher of this newspaper whatever amount of money you can—5 cents or \$50.00. We will publish a list each week of those contributing, and the amounts contributed.

Every cent received will be used to send this paper to our boys at the front. If at the end of the war, there is any surplus, it will be turned over to the local Red Cross Committee.

There is no profit in this to the publisher—even in normal times, subscriptions are not sold at a profit. With war prices prevailing, and the high rate of postage on papers sent to France, our cost will scarcely be covered by our full subscription price.

Remember that over in France, some brave soldier or sailor from this town—perhaps even some splendid woman working within sound of the guns—depending on you to "KEEP THE HOME LOVE KINDLED."

They are calling to YOU from "Over There" GIVE WHAT YOU CAN

The BOURBON NEWS
